Each participant is required to be a current, “Championship” member of USRowing. Each participant must also have a signed waiver on file for 2015.

Each competing organization is required to be a current organizational member of USRowing.

Memberships can be activated or renewed by visiting <http://www.usrowing.org/join.aspx> or by calling the Membership Services Department at (800) 314-4769.

Memberships should be handled prior to arriving for the event.

Pre-Registration “Championship” Membership	On-Site Registration “Championship” Membership
\$45	\$50

If you have questions regarding the status of your organizational or individual memberships, please contact our Membership Services department at (800) 314-4769 or members@usrowing.org.

A current listing of your athletes, their member numbers, and expiration dates can be found on your online roster: <https://rosters.usrowing.org>

Waivers:

All athletes should make sure to sign their USRowing waiver using their Championship Member number.

Credentials:

Credentials will be issued to athletes once registration is complete, membership and waiver information is verified, and all fees are paid in full.

A coach or team representative may pick up the credentials for their team if all team members meet the above criteria and the organization's membership and regatta fees are paid in full. All team credentials must be picked up at the same time. Partial groups will not be distributed.

Athletes will be required to show credentials in order to pass through Control Commission and launch for racing sessions.

Crews will not be able to launch without showing proper credentials.

Each athlete will receive one complimentary credential as part of their registration for the event. Any replacement credentials can be purchased for \$10 at the registration desk.

Eligibility:

The USRowing Youth National Championships is an invitational championship regatta.

Crews must qualify for a Youth National Championship bid by attending a recognized qualification regatta, placing in one of the 18 Youth National Championship events, and receiving a bid.

Affiliation:

Affiliation with only one program, which he/she is registered with as of the first competition (registered/non-registered, not including indoor events) for the duration of the spring season, defined between January 1 and June 15 of that current calendar year, to participate in the USRowing Youth National Championship Regatta.

Exception: Athletes who are members of a junior rowing club existing as a composite of athletes with no stand-alone high school rowing program may row as a single (1x) in a regatta under the name of their school where they are not permitted to enter as "unaffiliated." When permitted, a single (1x) competing as "unaffiliated" is not considered to be representing an organization, and therefore would remain in compliance with the affiliation requirement listed above.

For the purposes of qualifying for the USRowing Youth National Championships in an individual event, the athlete must still represent the club (entered under the club's name) with which he/she began the season.

If athletes wish to compete in a team event under the name of their school with an established high school rowing program rather than as a club, a USRowing organizational membership is required for that school for that purpose and the athletes must compete as this organization the entire spring season.

Classifications:

Youth- A Youth is a competitor who in the current calendar year does not attain the age of 19, or who is and has been continuously enrolled in secondary school as a full-time student seeking a diploma. A competitor thus ceases to be a Youth after December 31 of the year of his or her 18th birthday, or of the year in which he or she completes the 12th grade of secondary school, having been a full-time student, whichever is later.

Post Graduates: Per Rule 4-104 (a), a student must be working towards their first secondary school diploma, therefore, post graduate students who attain the age of 19 in the current calendar year are ineligible to compete.

Qualification:

The USRowing Youth Advisory Committee has established seven youth districts, each with its own qualification regatta(s), to qualify for the USRowing Youth National Championships.

All crews from the organization must qualify at the same qualification regatta. In districts with multiple qualifying regattas, teams will be required to declare which regatta they will use as their qualifier for the Youth National Championships prior to regatta registration each year. For those crews that participate in more than one qualification regatta, failure to declare will result in using the first qualification regatta entered as the crew’s qualification regatta. Declarations can be made using the online for available on the [USRowing Youth National Championships event page](#).

The Youth Advisory Committee has a “Roll Down” bid policy that applies at a qualifying regatta with less than three bids. If a qualifying crew(s) chooses to decline a bid(s) for the Youth National Championships, the subsequent place finisher(s) would receive the bid(s). In no case does a roll down bid extend past the third-place finisher.

Teams may petition the Youth Advisory Committee to permanently change their appointed district affiliation due to a hardship within their current district. The receiving LOC must endorse any transfer prior to registration. Teams are not permitted to change qualification districts annually.

A crew that receives a Youth National Championship bid from a recognized qualification event and registers in an event shall be required to compete in all its stages: heats, reps, semifinals, and petite or grand finals. Failure to participate in an event for which a crew has registered will result in a one-year suspension for that team for that registered event.

No competitor shall enter more than two events at the Youth National Championships.

Crews shall only be allowed to qualify for the Youth Nationals Championships from a qualifying regatta within their individual districts. Note that the qualifying regattas are contingent on their [USRowing registered regatta status](#). If the regatta chooses not to register their regatta, they cannot be considered a qualifying regatta.

Crews receiving bids will be notified no later than the Monday following their qualification regatta. Crews are required to register for the Youth National Championship within three days of receiving this notification **OR** to notify USRowing that the bid will be declined.

Petitions:

USRowing will accept petitions; **acceptance of a petition does not guarantee a bid to attend the Youth National Championships.**

Petitions must be submitted no later than three (3) days after the conclusion of the crew's qualification regatta. Due to the late nature of the qualifier, NEIRA crews interested in submitting a petition must do so no later than Monday, May 26, 2014 at 5:00 P.M. EDT. Only two (2) bids will be reserved for NEIRA programs unless the final selection posting does not fill all open bids.

NO LATE PETITIONS WILL BE ACCEPTED.

Petitions must be submitted via the online form on the [Youth Nationals web page](#).

Petitions will only be accepted from a coach or team administrator. Parents, athletes, referees, and others who do not act as a coach or official administrator to the crew submitting the petition are not eligible to submit a petition on a crew's behalf.

All event categories can receive a maximum of 28 entries. If an event is fully subscribed and not all petitions can be accepted, the Youth Advisory Committee will choose the petitions from the most competitive crews based on the information given in the petition, without appeal.

Crews will be notified of their petition status on May 22, 2015. NEIRA crews will be notified of their petition status on May 28, 2015.

Petitions will not be accepted from athletes that are part of a boat that was excluded or disqualified while participating in that event at a qualifying regatta, unless the exclusion or disqualification is overturned.

Petitions will not be accepted from crews competing in non-qualifying events held as part of a qualification regatta.

Petitions will not be accepted from crews that have not competed in the petitioned event at an on-water competition since January 1 of the current calendar year.

Petitions will be accepted for the following reasons. Petitions that do not meet these requirements will not be considered.

- In the event the crew's qualifying regatta does not offer the event. The crew must provide evidence of speed using race results from the current racing season.
- An unfortunate event, especially something beyond the ordinary or the expected, which caused a disadvantage that precluded a crew to compete in a qualifying event.
- The petitioning crew must provide the petition committee substantiation of sufficient boat speed within the following time standards of the last qualified crew in the petitioned category at a recognized YNC qualifying regatta.
 - o 8+/4+/4x: within four (4) seconds
 - o 2x/2-/1x: within six (6) seconds

Petitions are required to include the contact information of the Chief Referee at the regatta in order to confirm the details of the circumstances surrounding the petition.

Petitions will be reviewed and voted on by a subcommittee of three members of the Youth Advisory Committee. The composition of the petition committee shall include 1, 2, 3. The Regional Representative of the petitioning crew will offer their recommendation to the Petition Committee members, to be considered as part of the petition process.

After reviewing the petitions, the Petition Committee will notify crews of the status of their request on the dates listed above. Crews whose petitions are declined shall also receive an explanation as to why their petition was not accepted. If a crew whose petition was not accepted has compelling new information to be considered, it may request an appeal of the decision.

The burden is on the appealing crew to provide compelling new information for consideration. Simply disagreeing with the Petition Committee's decision is not grounds for an appeal.

The new information, and original petition, will then be voted on by the full Youth Advisory Committee. The status of the appeal will be determined by the vote of the majority of the full Youth Advisory Committee.

Rules:

USRowing's Rules of Rowing will govern this event.

An online version is available at <http://www.usrowing.org/About/RulesofRowing.aspx>

USRowing licensed referees will officiate the event to ensure safety and fairness.

Equipment:

All equipment used in competition must meet the USRowing Rules of Rowing requirements for equipment, with the exception of any waived rules listed above. Each organization is responsible for ensuring that their equipment meets these standards.

Crews must provide their own bow balls.

Bow numbers will be provided at the launch docks, once a crew has passed through Control Commission.

Any equipment not meeting these standards, or judged to be unsafe by a USRowing official, will not be allowed onto the water.

Unsportsmanlike Conduct:

Unsportsmanlike conduct includes, but is not limited to, failure to heed the instructions of race officials, use of obscene language or gestures, delaying a race without just cause, intentional or flagrant disregard of principles of safety and fairness, or abusive behavior toward any official, team member, or spectator.

A crew that engages in unsportsmanlike conduct may be assessed a penalty by a race official.

Any team member, including a competitor, who engages in unsportsmanlike conduct at any time during the regatta may have his or her further participation at the regatta curtailed or prohibited by a race official.

A parent or spectator engaging in unsportsmanlike conduct may result in the crew they are associated with having their further participation at the regatta curtailed or prohibited, and may be removed from the racing venue.

Weigh-Ins

All weigh-ins shall be conducted in accordance with the 2015 USRowing Rules of Rowing. The rules are listed here for the convenience of the competitors and coaches. Any differences in the language listed here and the 2015 Rules of Rowing is typographical, and the Rules of Rowing shall still govern these rules and procedures.

Competitors who fail to weigh-in during either the Weigh-in Window or the Adjusted Weigh-in Window shall be deemed ineligible to race.

When an Adjusted Weigh-in Window is created due to a scheduling change, a Competitor may weigh-in during either the original Weigh-in Window or the Adjusted Weigh-in Window, but not both, provided the Competitor completes his or her weigh-in prior to the newly Scheduled Time of the Race and on the same day as the newly Scheduled Time of the Race.

The Adjusted Weigh-in Window shall be no less than one (1) hour and not more than two (2) hours before the newly Scheduled Time of the Race.

Failure to weigh-in at any point in time prior to the first Race in which the weight is relevant shall constitute a violation of Rule 4-105.1 (“Coxswain’s Weight”) and result in the Coxswain being deemed ineligible to race.

When an Adjusted Weigh-in Window is created due to a scheduling change, a Competitor may weigh-in during either the original Weigh-in Window or the Adjusted Weigh-in Window, but not both, provided the Competitor completes his or her weigh-in prior to the newly Scheduled Time of the Race and on the same day as the newly Scheduled Time of the Race.

“Adjusted Weigh-in Window”: Should Race Officials adjust or alter the racing schedule for compelling reasons, changing the amount of time between the Weigh-in Window and the newly Scheduled Time of the Race, an Adjusted Weigh-in Window shall be created. The Adjusted Weigh-in Window shall be no less than one (1) hour and not more than two (2) hours before the newly Scheduled Time of the Race.

An “Adjusted Weigh-in Window” is only created if an adjusted schedule is officially posted or published by USRowing. Commonly occurring delays throughout the day are not considered an official adjustment to the schedule.

Coxswains who do not comply with the minimum weight standard must provide their own materials to create deadweight in accordance with the USRowing Rules of Rowing. This weight must be placed in the boat as close to the torso of the coxswain as possible, and is specifically forbidden to be distributed throughout the boat. At any time, before or immediately after the race, the Referee, another Race Official, or a member of the Control Commission may require the weight of the deadweight to be checked.

Crews must provide their own weight making materials.

Inclement Weather Information:

Qualification Process

Should a qualification regatta be cancelled due to inclement weather, bids will be decided based on the official finishing order of the crews as determined by the regatta's established practices and policies.

Should a qualification regatta not have its own published weather policy, USRowing will award bids based on the results of the last completed round of the event.

In instances where qualification events are cancelled without completing any rounds, those crews will be required to submit a petition that includes results from the current season to demonstrate their

placement within their district. These petitions will be given an expedited review, and the bids originally allotted for that regatta will be awarded based on the determinations of the committee.

The Chief Referee, USRowing, and Local Organizing Committee will work together to monitor the weather continuously during the regatta.

In the event that inclement weather causes delays in the regatta schedule, the following weather plan will be utilized:

Notification Process:

All schedule change notifications will be announced in the following places:

- On-site on the results/announcements board by the boathouse
- On-site through any on-site public address systems in use
- Online via Twitter, Facebook, RegattaCentral, and the USRowing website
- Via text message. Coaches, athletes, and parents can register to receive weather related text messages by texting "USRowing" to 313131.

Crews are responsible for staying updated on announced schedule changes.

Please direct any questions about schedule changes to USRowing at the registration area.

Schedule Changes will be made with the following priorities

- Delay racing either later the same day or to the next day, if time is available.
- Begin racing earlier than previously announced. Announcement will be made no later than 3 hours before racing or 9:00 PM the evening before in the case of morning racing.
- Utilize a time-trial system for a round of the event.
- Omit a round of the event. The composition of the next round will be determined on the basis of the results of those rounds that have been completed. If grand finals must be omitted, medals and Youth National Championship bids will be awarded based on the results of the last completed round of the event.
- Cancel regatta.

Under no circumstances will races be rescheduled for a date later than June 15, 2014.

Weigh-in Procedures

In instances where inclement weather causes a change in the scheduled race times for events that require the weighing of competitors (lightweights or coxswains), the time in which a competitor must be weighed will be affected as follows:

If the Scheduled Time of the first race is officially changed, then competitors may weigh-in during the original Weigh-in Window or the Adjusted Weigh-in Window.

The "Adjusted Weigh-in Window" is no less than one (1) hour and not more than two (2) hours before the new official start time of the first race in which the weight is relevant. The "Adjusted Weigh-in Window" only applies when a new official start time is published and posted. Normal regatta delays do not result in creating an "Adjusted Weigh-in Window".
